

Family Numeracy Night: Candy Land Upper Greenwood Lake School

Wednesday, January 16th
Snow Date: January 17th
Time: 6:00-7:30

Choose a character and travel on the rainbow road to a Math Candy Land !!!

Dear Students, Parents and Guardians,

Family Numeracy Night is a program where parents and students in Kindergarten through fourth grade work and learn together to problem-solve, communicate, and gain an appreciation for mathematics in everyday situations. We invite you to share in this evening of stimulating and creative exercises with your son or daughter on Wednesday, January-16th from 6:00-7:30 pm.

You will participate together in enjoyable, hands-on learning centers that encourage critical thinking and problem-solving skills as provided for in the Common Core State Standards. The atmosphere is non-threatening, full of discovery, and promises to be a lot of fun.

We hope that you will join us. Please complete the form below and return to your student's teacher by Friday, January 11th.

Thank you for your interest and support of mathematics learning at Upper Greenwood Lake.

Dr. Matlosz
Principal, Upper Greenwood Lake School
